

Material:

- body: the cover box is made of UV stabilized polypropylene (PP) reinforced by glass fibres, the gear box is made of UV stabilized polycarbonate (PC) reinforced by glass fibres
- color: gray
- reflector: polished aluminium sheet
- diffuser: hardened glass

Degree of protection: optical part IP 65/gear box IP 43

Rated voltage: 230V/50Hz

Control gear: standard ballast with parallel compensation

Mounting: universal mounting on stand or jib (Ø42~60mm)

Application: traffics and subsidiary roads, parking sites, industrial areas, roundabouts

Lamp is not supplied with the luminaire.
