

Proiettore orientabile di piccole dimensioni per binari elettrificati trifase LKM.

La compattezza della forma e l'essenzialità del design rendono **Flex** idoneo per illuminare vetrine di negozi, showroom e aree espositive in generale.

Small adjustable spotlight for LKM 3-phase electrified tracks.

Its compact shape combined with a smart design make it suitable for the illumination of shop windows, showrooms and display areas in general.

■ Corpo in acciaio stampato verniciato in poliester

■ Housing in pressed steel polyester painted
