

Gamma di plafoniere progettate per illuminare gli ambienti di lavoro quali uffici, banche, scuole, atri, sale convegno, sale d'attesa o aree di passaggio. Il design dalle linee pulite ed essenziali rende San utilizzabile anche in ambienti domestici. Una soluzione semplice ma efficace per assicurare un ottimo livello d'illuminamento con basso consumo energetico e un elevato comfort visivo.

Apparecchi per applicazioni a parete oppure a soffitto: le apposite asole di fissaggio e la morsettiera a innesto automatico rendono l'installazione estremamente semplice e veloce. Il vetro di protezione sfilabile lateralmente facilita il cambio delle lampadine e la manutenzione.

Range of ceiling lamps designed to illuminate work spaces, offices, banks, schools, lobbies, meeting rooms, waiting rooms or passageways. The clean and essential design features make San suitable also for domestic use. A simple but effective solution to ensure an optimum level of energy-saving illumination and high visual comfort.

Fittings for wall or ceiling application: the special fixing slots and the terminal block with automatic plug-in make the installation extremely simple and fast. The safety glass can be removed by sliding it out to one side, making lamp replacement and maintenance easy.

Tutti i modelli **San** sono forniti completi di lampade fluorescenti tubolari T5 o lampade fluorescenti compatte elettroniche.

All **San** luminaires are supplied complete with T5 fluorescent tubular lamps or with compact electronic fluorescent lamps.
